Results:

*This test is performed under a license agreement with Roche Molecular Systems, Inc. In the event DyNAgenics returns a verifiable erroneous result for a particular sample and the sample was submitted by a licensed veterinarian, DyNAgenics will reimburse the submitter only for the amount paid DyNAgenics to perform the test. In NO EVENT shall DyNAgenics be liable for incidental, consequential, special or other damages of any nature, even if DyNAgenics has been advised of the possibility of such damage.
